

Dear parents/carers,

The beautiful weather has arrived, the birds are singing and the children are enjoying playing outside.

We have experienced some great moments together over the past period, such as the iftar, the booze closet and the cleaning bus, which I would like to take you through.

This year, we organised an iftar for the first time. We look back on an evening full of joy, gratitude and a beautiful valuable insight into the culture. We feasted on the delicious soup and tasty snacks everyone had brought. We found it a valuable addition that parents joined us, this really created a connection. Through this way, I would like to thank the event committee again for making this event possible and all the parents for the delicious snacks and their presence.

Another great development is the opening of our grocery cupboard. We notice that many families already know how to make good use of this. If you have any questions about the shopping cupboard or wishes for products, please contact teacher Margreet. She is our liaison officer.

The Poetsbus was also a great success! Many parents allowed their children to use the Poetsbus. After all, healthy teeth are very important for proper functioning at school.

In addition to these wonderful developments, at the primary school and language classes, parent meetings are under way, in which we discuss your child's progress with you. Another look in the group is planned (18 March), you are all welcome to come and take a look in the classroom then. We look forward to seeing you!

With kind regards, also on behalf of the team of IKC Wereldwijs,

Toyah Vogels

## Agenda

- Week 11 en 12: Parents meetings
- Tuesday 18 March:
  - Look inside the group
- Wednesday 19 March:
  - **Big calculation day**
  - Group 5-6 (Primaryschool) Jeugdland
- Thursday 27 March:
  - Group 7-8 (Primaryschool) naar water treatment company
  - Parentsnewsletter 11

## Look inside the Group

On Tuesday 18 March, you may look into your child's classroom between 8.30 and 9.00 am. This will allow you to see how lessons go at our school. If you have several children, you can divide the time. So, for example, spend 10 minutes with each child.

We hope to see you all there!

Ei, ei, ei en we zijn zo blij!

## Shopping cupboard

We see that our cupboard is a great success. Nevertheless, we are going to make some adjustments to the opening hours and the rules regarding taking items. We want the cupboard to be especially for families who are not well-off and really need healthy products.

The cupboard will move to the library and be open all days at the following times: 8.20-9.00 am and 2.15-14.45 pm.

One product may be taken per day. A colleague will be present at the cupboard to monitor this.

## Parent and Youth Support Centre for Appropriate Education

In every partnership, from 1 January onwards, a parent and youth support point where parents and pupils can go can ask questions about appropriate education.

Questions such as:

- What is appropriate education?
- What does help and support mean at school?
- What is an educational perspective?
- What help does school provide?
- Etc.

More information about the support centre can be found on the website:

<https://www.passendonderwijshaarlemmermeer.nl/ouders/steunpunt-amstel-en-meer>

More information about Appropriate Education in general can also be found on the website of the

central government: [www.rijksoverheid.nl/passendonderwijs](http://www.rijksoverheid.nl/passendonderwijs)

## Introduction

My name is Hala Sabah and I have been working as a cultural interpreter at IKC Wereldwijs since 3 weeks.

Together with the school, we are trying to shape the function of 'bridging interpreter'.

As a cultural interpreter, I try to help both the school and families bridge cultural and linguistic barriers.

Furthermore, I support in translating conversations.

Feel free to approach me if you have any questions or need help with anything.

I work every Wednesday from 9am to 3pm at IKC Wereldwijs.

I look forward to meeting everyone!
