

Dear parents and carers,

Welcome to the second IKC Wereldwijs parent newsletter of this school year! We have been on the road for a few weeks now, and the pupils have found their feet in the classroom. This is a period in which we continue to build a solid foundation for their development together with the children.

In this newsletter, we share important updates, activities and tips to make the school year as successful and enjoyable as possible for your child.

We hope you enjoy reading on and look forward to seeing you at upcoming parent meetings and activities!

Best regards on behalf of the IKC Wereldwijs team

Toyah Vogels

## Introducing:

My name is Daniëlle Kühnen and I am a new teacher at Wereldwijs in the language classes. I teach group yellow on Mondays, Tuesdays, Thursdays and Fridays.

In recent years I have worked at another school within Meer Primair.

Besides being a teacher, I am married to my husband Stevan and have two daughters aged 17 and 20.

In my spare time, I like to be active. I enjoy going to the gym, walking and cycling in nature. In the holidays, I enjoy getting to know other countries/cultures.

Furthermore, I really enjoy reading and singing. In class, I also like to play guitar when we celebrate a birthday or learn a new song.

It is quite exciting a new school and group, but I am really looking forward to it. I am looking forward to getting to know all the parents and children of group yellow better and making it a nice and instructive school year together.

With kind regards, Daniëlle Kühnen

## Children's book week 2024

Tuesday 1 October marks the opening of Children's Book Week. The theme this year is: Lekker eigenwijs.

At 8:20 am, all teachers will be outside in the schoolyard. Children walk to their own teacher and parents/carers can get a cup of coffee/tea from the coffee cart (children do not start in class).

After a communal activity, children return to class and each group has an activity in the theme of Children's Book Week.

During Children's Book Week, all classes will pay extra attention to books, reading and reading aloud.

The aim of Children's Book Week is to get as many children as possible excited about reading books. It would be nice if you also read with your child(ren) at home. This may, of course, also be in your own home language.
